Warm afternoon sunshine reflects off of soft white sand and gentle, rolling waves. Swimsuited beachgoers play along the shoreline and relax in the shade of their umbrellas.

A new figure walks onto the beach, her semi-transparent sundress fluttering in the light breeze. The thin fabric does little to conceal the voluptuous curves of the Mienshao's body. She stands seven feet tall, and while her bosom is lush and plump, the true bounty lies below her waist; her hips are [i]massive,[/i] nearly doubling the width of her torso, her thighs flush with layer upon layer of soft, squishable mink flab. Her ethereal dress falls around the contours of her luscious figure, hinting at the cavernous crease between her enormous, silky-furred ass cheeks. The Mienshao's dress and arm tassels drift behind her as she strides elegantly toward the water, handbag in tow.

This is Elizabeth, or [i]Sensei[/i] Liz as her students know her. Despite her soft and grabbable appearance, her body is a finely toned machine, her thick legs capable of delivering kicks that can shatter concrete blocks. Any beach bully who cops a feel will quickly find themselves grappled, thrown and flattened beneath her sumo-sized ass. But right now, Liz is on vacation, and she's not looking for a fight.

Wide eyes and perked ears follow the thick mink from across the beach. Rei had been dozing off in the sunshine when this gorgeous mink passed by and cast that thick shadow across her vision. The silver kitsune has never seen hips so [i]wide.[/i] Just watching those fat, juicy cheeks swaying with her steps is making the vixen's bikini bottom feel tighter. She knows she can't let a bombshell like this get away without at least saying hello...

Liz unrolls a beach towel beneath a pink umbrella and starts unpacking her beach bag, pulling out a bottle of sun lotion.

"Ahem! Uh... do you need some help putting that on?"

The Mienshao turns to see a silver-furred vixen about a foot shorter than her, looking up at her with a wry grin. Liz smirks back and cocks her hip to the side, watching the fox's eyes follow her rump cheeks grinding against one another.

“Bold of you to assume I can’t reach... but sure. I wouldn’t mind a helping hand. Or two.” The mink passes the lotion back to the eager kitsune, whose smile only grows wider as the bottle lands in her paws.

“As you say, ma’am!” the vixen yips, squirting out some lotion onto her palm.

“Mistress,” the Mienshao corrects. “[i]Mistress[/i] Liz.” She lifts up the shoulders of her thin sundress and shimmies it down, letting it fall to her hips and exposing her plump, luscious, lavender-furred body in all its glory, with only a tiny pink sling bikini to cover her sensitive bits.

“Y-yes... Yes, mistress!”

The vixen gingerly places her hands on the Mienshao’s shoulders and begins to smear the lotion down her back, kneading it into her soft, silky fur to give it a slick sheen in the sunlight. Her digits massage down the Mienshao’s back muscles, working their way closer to those plump, juicy hips. Rei’s mouth begins to water as she squirts more lotion into her paws, entranced by those massive, silky globes. She squishes her paws directly in the center of those plush cheeks and starts rubbing around in circles, feeling the plush fat deform and smush out to the sides.

“Mmm... you really know what you want, don’t you?” the big mink teases, swishing her tail. “Go on, then. Make sure you cover every inch of them.”

“Yes, mistress!”

Rei kneads into that squishy chub with renewed vigor, delighting in the way the soft, furred flesh deforms like dough beneath her digits. The Mienshao’s ass begins to take on a slick sheen as the vixen eagerly rubs that lotion into her fur. The fox basks in that silky texture as she massages and gropes the mink’s superfluous flab. She could just get lost in those massive cheeks... She’s tempted to just lean forward, bury her face between them, feel that sumptuous squish all around her... nuzzle against the Mienshao’s thong and get a taste of her scent...

Rei holds back a moan as she imagines what it’s like between those huge, juicy moons. But she can’t just... [i]do[/i] that, can she? She’d hate to be too forward and offend this lovely stranger after she’s been so generous to offer her rump...

As she’s lost in thought, Rei fails to notice that Liz’s ass is getting closer. She lets out an “Eep!” as her snout is sheathed between those luscious moons, and her vision is overtaken by dark lavender fur as her entire face smooshes into the Mienshao’s deep crevice. The vixen gasps in delight and reaches up to grab handfuls of the mink’s plush butt cheeks... but Liz’s momentum isn’t stopping. Those heavy cheeks bear down on the fox, wedging her muzzle deep in that squishy canyon as her body is pushed down and back—

[i]FFFWOMP![/i]

Rei's head is buried beneath the Mienshao's massive cheeks as her ass slams the vixen down onto her beach towel. Her arms are pinned under Liz's plump thighs as her entire upper body vanishes beneath that huge, silky lavender ass. Rei lets out a muffled mewl of surprise as her entire world becomes engulfed in dark, squishy softness. The sounds of the beach are muffled as her vulpine ears are flattened beneath those superfluous pounds of dense mink chub. Nothing exists except the warm, lotion-slicked furry flab squishing into her from all sides... the vixen can't help but moan as her nose presses against the underside of Liz's bikini. She inhales, drawing in the scent of the mink's sweat, combined with the flowery scent of her underwear and the musk of her arousal. The fox blushes hotly as she breathes in the Mienshao's essence. Being so surrounded by her, immersed in her, is tantalizing. Almost automatically, Rei's tongue rolls out and licks Liz's thong, getting a taste of that slick latex. She can feel the Mienshao's nethers clench in response, followed by a playful wiggle of those bounteous cheeks atop her.

"Mmm... such an eager servant," the big mink purrs. She glances down and smirks, unable to see the vixen beyond her massive lavender cheeks. With two fingers, she lifts one of the straps of her sling bikini, pulling it to one side... exposing the steamy vent in the oven between her rump cheeks. "Go on, then... don't disappoint me."

Rei's heart flutters as she feels the mink's wet lovelips kiss her muzzle. She gently wriggles her nose deeper into that slick tunnel, extending her tongue to lap at the Mienshao's clit.

[i]"Hrrrmfh,"[/i] Liz groans as her pussy lips clench around the vixen's snout. It's not necessarily obvious what's going on down there from the outside, but their antics are beginning to draw the stares of nearby beachgoers. The mink smirks as she glances down at her ass. "You'd better work fast, hon. People are looking at us." Then she notices an oblong bulge protruding from beneath the vixen's bikini bottom. "...Ohh? Are you keeping a surprise for me?"

The Mienshao gingerly lifts up the garment by the waistline, catching a whiff of a distinctly masculine musk. She pulls it down to the vixen's thighs, exposing a twitching, ebony canine shaft, which immediately throbs to full length as it's exposed to fresh air. "Oh my... a little excited, are we?" the mink coos, gently stroking the eager shaft with a paw. "But this is indecent, darling! Someone is going to see!" Liz leans closer and yawns her mouth open, making Rei's cock twitch as her hot breath washes over it. "Not to worry... I'll hide it for you~"

"Hhaaaah... [i]Glomf!"[/i]

Rei's legs immediately go stiff as she feels that warm, slimy maw embrace her shaft. She can barely move, pinned under the mink's hefty ass—all she can do is wedge her muzzle deeper into those folds and dig her fingers into that plush ass fat to show her appreciation. She does her best to give as good as she gets, digging her tongue deep into the Mienshao's love tunnel and massaging her rump, but the pent-up stimulation of being buried under those soft, lotion-slick cheeks has her quickly approaching orgasm. The mink is bobbing her head, her wet maw sliding up and down Rei's sensitive pole, her tongue teasing the pulsing length, kissing her

cocktip, even grasping her balls and gently rolling them through her fingers. Rei can only take a few minutes of it before the pressure in her loins becomes unbearable, her rod throbbing desperately for release. Liz takes her shaft all the way to the base, completely engulfing her quivering meat in her warm, slimy maw and kissing the fur of her crotch. Rei's cock lurches, her balls clench and her toes curl as her shaft spurts thick foxcream into the mink's gullet.

Rei buries her face in the Mienshao's snatch as orgasm washes over her, and is rewarded with a sudden clench of the tunnel around her snout, followed by a gush of feminine fluids that splatters her face, which she happily licks up. Liz swallows shot after shot of rich foxcum from her shaft as the two ladies climax in tandem, unloading their burdens into each other. The mink manages to gulp down every drop of cream the vixen gives her, her elegant neck flexing with every spurt, until finally the fox is spent and Liz lets the twitching shaft slip gently out of her maw, a bead of cum oozing off her tongue.

"Mmhh... that's a good girl," she mutters. "You sure had a lot to give me, didn't you?" The thick mink sits upright and pats her squishy stomach before tucking the vixen's softening shaft back into her bikini bottom. She gingerly stands upright, finally freeing Rei from the hot, soft and slick prison between her ass cheeks. The flattened vixen stares up at the sky with her cheeks flushed pink, her fur mussed and matted.

"Th-thank you... mistress Liz..." she gasps, catching her breath after being buried in ass for so long.

"What do you mean, 'thank you?' " the Mienshao responds with a sly smirk. "I'm not done with you yet. You and I are going to find a private place to finish our business. What do you say?"

Despite having just been so completely spent, Rei's heart rate jumps and her shaft immediately begins to firm up again in her underwear. "Y-yes... Yes, mistress!"
