

***NEW!* Mastering AI Productivity: Brisk, Magic School, & Diffit Essentials**

Co-sponsored by District Technology

Presenter: Kelly Marzocchi, Ed.D, District Technology Staff Developer
Place: Virtual
Dates: Tuesday/Thursday - May 6, 8, 13, 15 with independent hours built-in
Time: 3:30 PM - 7:30 PM
Credit: 1 in-service credits and 8 CTLE/ENL - 16 professional development hours

This workshop is appropriate for all district staff.

Discover how Brisk, Magic School & Diffit can optimize your productivity and elevate student learning. In this workshop, educators will explore these powerful AI tools to improve lesson planning, student engagement, differentiation, and assessment creation. We will focus on automating tasks and tailoring instruction to meet diverse student needs including content creation, and multilingual resources. Through live Google Meet sessions and built in independent work, teachers will develop practical strategies for integrating Brisk, Magic School, and Diffit into their workflow.

This workshop meets CTLE ENL Professional Development requirements.

Registration: Port Washington U.F.S.D. Employees: Register using **My Learning Plan**. All Teacher Center classes can be found in the Port Washington catalog.

All who do not have access to My Learning Plan may register by emailing Director Susan McAuliffe:
