

ETC777 Assignment 1: PLE Setup
Your Name Here

Part II: Reflection: Respond to these questions (Be thorough on your descriptive reflections. Justify your reflections professionally. Apply references to support your justification if needed.)

- 1. What major tools/tiles have you added to your PLE? What purposes do they support in your personal learning environments? If you had other PLE experiences, you can compare and contrast it to the one you use.**

- 2. Discuss two of the most useful/effective tools/tiles that support your learning.**

- 3. Which PLE tool (NetVibes, Symbaloo, or mobile) is more effective to your own learning? Please provide at least THREE "Professional" justifications or arguments from instructional design aspects. (Saying "I like...." or "I dislike like..." doesn't meet the requirements.)**

- 4. Discuss how you intend to use PLE with various widgets/tiles/apps to support your current and future online learning. If you have mobile devices (iPad, tablets, smartphones etc.), discuss how you may access your PLE on your mobile devices.**

- 5. Discuss how you may integrate PLE into your teaching and research.**

Insert your screen images:

Use "[Print Screen](#)" on PC or [Mac](#) to capture your Netvibes & Symbaloo screen images. Paste them to Word document and respond to the questions (see below). Submit your Word document. You may submit multiple images to demonstrate you add the widgets/tiles/apps to your PLE.

Part III: PLE Diagram

Insert your diagram image or link here.

Reflections:

- What categories emerged from your diagram?
- Analyze and explain what and how you organize your PLE. Be thorough.

References: (If any. You can use Delicious tags the references that you apply to share your references.

Submit instructions:

- Use Google Docs to share your file with the instructor at **chihhsiungtu@gmail.com**
- If you are not familiar with Google docs, take [Google docs Tutorials](#) and/or [Get Started with Google Docs](#).
- File should be named as: ETC777-YourLastName-YourFirstName-A1. For example, ETC777-Tu-Chih-A1 (Incorrect assignment file name is not acceptable.)
- Be sure to give the instructor "To Edit" privilege so the instructor can provide feedback onto the shared document.
- If you upload your file from your computer to Google Docs, make sure you check "Convert documents, spreadsheets & presentations to Google Docs format." so your assignments be edited by the instructor. Don't know how to do? See [How to Convert Word document to Google Docs](#)
- **Based on Google's policy, uploaded document files that are converted to the Google documents format can't be larger than 2 MB. If larger than 2MB, consider to reduce the screen image file size. Or share the image files separately.**
