

VISITORKU AI Privacy Policy

This application highly values user privacy and strictly complies with relevant legal regulations. Please read the "Privacy Policy" carefully before continuing to use our services. If you continue to use our services, it indicates that you have fully read and understood the entire content of our agreement.

This app respects and protects the personal privacy rights of all users using the service. To provide you with more accurate and better quality services, this application will use and disclose your personal information in accordance with the provisions of this privacy policy. Except as otherwise provided in this privacy policy, without your prior consent, this application will not disclose or provide such information to third parties. This application will update this privacy policy from time to time. When you agree to the service usage agreement of this application, you are deemed to have agreed to the entire content of this privacy policy.

1. Scope of Application

- (a) Personal registration information you provide according to app requirements when registering an account with this application;
- (b) Information automatically received and recorded by this application when you use the network services of this application or visit the platform webpage, including but not limited to your IP address, browser type, language used, access date and time, software and hardware characteristic information, and web page records of your requests;
- (c) User personal data obtained by this application through legal channels from business partners;
- (d) This application strictly prohibits users from posting illegal information such as nudity, pornography, and profanity. We will review posted content, and upon discovering illegal information, we will disable all permissions of the user and handle the account accordingly.

2. Information Usage

- (a) This application will not provide, sell, rent, share, or trade your personal login information to any unrelated third parties. If our storage undergoes maintenance or upgrades, we will send push notifications in advance to inform you. Please allow message notifications for this application in advance.
- (b) This application also does not allow any third party to collect, edit, sell, or disseminate your personal information by any means. If any user of this application platform engages in the above activities, this application has the right to immediately terminate the service agreement with that user upon discovery.

3. Information Disclosure

Under the following circumstances, this application will disclose all or part of your personal information according to your personal wishes or legal requirements:

- (a) Without your prior consent, we will not disclose to third parties;
- (b) To provide the products and services you require, it is necessary to share your personal information with third parties;
- (c) According to relevant legal provisions, or requirements of administrative or judicial authorities, disclosure to third parties or administrative/judicial authorities;
- (d) If you violate relevant Chinese laws and regulations or the service agreement or related rules of this application, disclosure to third parties is required;
- (e) If you are a qualified intellectual property complainant and have filed a complaint, at the request of the respondent, disclosure to the respondent to facilitate both parties in handling potential rights disputes;

4. Information Storage and Exchange

The information and materials collected about you by this application will be stored on the servers of this application and/or its affiliated companies. These information and materials may be transmitted to overseas locations where you are located, or where the application collects information and materials, and may be accessed, stored, and displayed overseas.

Our product is developed based on DCloud uni-app (5+ App/Wap2App). During

application operation, we need to collect your device unique identification code (IMEI/android ID/DEVICE_ID/IDFA, SIM card IMSI information, OAID) to provide statistical analysis services, and improve performance and user experience through application startup data and abnormal error log analysis to provide better services for users.

Message Push Service Provider

The push technical service is provided by Getui Interactive Co., Ltd. We may provide your device platform, device manufacturer, device brand, device identification code and other device information, application list information, network information, and location-related information to Getui Interactive Co., Ltd. to provide you with message push technical services. When pushing messages to you, we may authorize Getui Interactive Co., Ltd. to perform link adjustment and mutually activate closed SDK push processes to ensure you can receive the messages we push to you in a timely manner. For details, please visit "Getui User Privacy Policy": <http://docs.getui.com/privacy>.

5. Use of Cookies

(a) If you do not refuse to accept cookies, this application will set or access cookies on your computer so that you can log in or use the services or functions of this application platform that depend on cookies.

(b) You have the right to choose to accept or refuse cookies. You can refuse to accept cookies by modifying browser settings. However, if you choose to refuse cookies, you may not be able to log in or use the network services or functions of this application that depend on cookies.

(c) Information obtained through cookies set by this application will be subject to this policy.

6. Changes to This Privacy Policy

(a) If we decide to change the privacy policy, we will publish these changes in this policy, on our company website, and in locations we deem appropriate, so that you can understand how we collect and use your personal information, who can access this information, and under what circumstances we will disclose this information.

(b) Our company reserves the right to modify this policy at any time, so please check it frequently. If significant changes are made to this policy, our company will notify you through website announcements.

7. Third-Party Application Toolkits

To improve the quality of services provided to you, we will integrate quality third-party service providers to provide services for you. In the process of providing services, we will disclose your necessary personal information to third-party service providers based on the needs of providing services to you, such as identity authentication information, attendance records, etc., and will also require third-party service providers to transmit relevant personal information back to us. If you refuse to authorize provision, it may result in your inability to use certain functions of our services normally. We will require third parties to comply with the same confidentiality obligations and take confidentiality measures.

1. DCloud uni-app (5+ App/Wap2App)

8. Others

(a) The "VISITORKU AI" APP solemnly reminds users to pay attention to the clauses in this agreement that exempt the "VISITORKU AI" APP from liability and limit user rights. Please read carefully and consider the risks independently. Minors should read this agreement under the accompaniment of their legal guardians.

(b) The validity, interpretation, and dispute resolution of this agreement are governed by the laws of the People's Republic of China. If any disputes or controversies arise between users and the "VISITORKU AI" APP, they should first be resolved through friendly negotiation. If negotiation fails, users agree to submit the dispute or controversy to the people's court with jurisdiction at the domicile of the "VISITORKU AI" APP.

(c) Regardless of the reason, if any clause of this agreement is invalid or unenforceable, the remaining clauses remain valid and binding on both parties.

(d) The final interpretation right of this agreement belongs to the "VISITORKU AI" APP, and reserves all rights of interpretation and modification.

(e) This agreement is applicable from November 17, 2023.

Please properly protect your personal information and only provide it to others when necessary. If you discover that your personal information has been leaked, especially if your username and password for this application have been compromised, please contact the customer service of this application immediately so that appropriate measures can be taken.

Thank you for taking the time to understand our privacy policy! We will do our best to protect your personal information and legitimate rights and interests. Thank you again for your trust!
