

Bernina Software Guide Class
Software Building Blocks
by Steve

Please bring to class each time:

- Laptop with your Power cord loaded with Bernina software that has been activated
 - Note: This class is taught from V9. If you have a different version, some lessons may not directly apply.

● **NEW!! BRING YOUR FAVORITE HEADPHONES** for your laptop (either plug-in or Bluetooth) All videos will be streamed to your computer via internet. The noise from our class is disruptive to the other classes being held in the same space.

- External Hi-Res Mouse (either Bluetooth or USB-attached and mouse pad
 - Note: Steve will guide you if your mouse isn't hi-res or you're not sure. It will make your experience with the software so much easier!
- Bernina software workbook available on The Quilting Bee website
- Pen and paper for notes

Any other things you like to use with your computer.

- A USB stick if you want to learn how to save designs to send to your sewing machine
 - Smaller gigabytes are better 2,4,6,8.
 - HINT: We sell USB sticks @ the QB!
