

This is attempt number one to make a general master list of prices. Eventually, I'll get around to making a spreadsheet or something, but as of now copy/pasting off the wiki seems to be fairly effective. Corrections are welcome and greatly appreciated (I do not claim to be a pricing expert). Control+F is the find function, and highlight+right click+select comment OR control+alt+M to comment.

Warrior

Weapon Name	Damage	Min. Level	Average Price Range
Bullseye	4-7	1	
Dern's Shadow	9-13	10	
Fern	12-19	16
