## The Rules:

- This is an 18+ chatroom, if you're found to be underage, you will be removed and blacklisted.
- Everyone of all species, races and genders are welcome here. Including humans.
- Do not interfere with other people's RP, or beg for it in their DMs. Should someone come to an admin, you will be talked to.
- Please don't post content that is likely to cause offence or disgust (i.e. excessive gore / scat / young / cub / etc).
- Casual violence / mild gore is okay, just keep it non-extreme and non-detailed. Also, no toilet based activities at all. (Rule of thumb: If you're in doubt or you have to ask, it's probably unsafe.)
- AI content is fine as long as you say it is AI. No, we are not a soapbox for the morality of AI generation tools.
- Treat all members with respect and kindness, regardless of their views or opinions. **NO POLITICAL DISCUSSIONS. EVER.** Our chatroom is not a soapbox and it never will be.
- Do not engage in or promote hate speech, discrimination, or post offensive content related to race, religion, gender, or any other immutable human characteristics.
  - Deliberate disruption or trolling is not allowed.
  - Avoid spamming the chat with excessive messages, advertisements, shitposts or repetitive content. This includes sticker/GIF spam, just don't get excessive with it and knock it off when you're told to.
  - A link to your twitter or gallery is fine, but avoid excessive self-promotion or advertising without permission. This includes advertising for commissions and such. Please speak to us first.
- IRL pics are more than welcome. IRL pornography is not allowed at all under any circumstances.
- Do not share personal information of others without their consent.
  - Should tension arise and arguments start. Please do not go overboard and become hostile. The admins have the final say in everything.

Also, please adhere to Telegram's terms of service.

Easy stuff, right?

## **If you break the rules, this is what will happen:**

**Informal Warning:** In the case of a minor infraction, a mod will poke you and gently refer you to these rules, just a tap on the shoulder and a “keep your nose clean please”. Nothing more nothing less.

**First Warning:** If you violate the rules again (or the first thing you did was severe enough), you will be issued with your first official warning via direct message.

**Second Warning:** If you commit another violation after receiving the first warning, we will issue a second warning. Again, privately.

**Kick:** If you persist in violating the rules after two official warnings, we will remove or "kick" you from the chatroom. The length of the kick will be determined by the admin team based on the severity of the violations and the chatroom's guidelines.

**Third Warning:** After a temporary kick, if you return and continue to violate the rules, you will receive a third and final warning with a clear notice that another violation will lead to a ban.

**Ban:** If you disregard the third warning and continue the disruptive behaviour, we will proceed with a ban, which should be explained to the member, including the reason for the ban and the duration if it's not permanent.

**THESE RULES ARE CONSIDERED NON-EXHAUSTIVE AND  
ARE SUBJECT TO CHANGE WITH OR WITHOUT NOTICE.  
FURTHERMORE, BY BEING A MEMBER OF THIS GROUP, YOU  
UNCONDITIONALLY AGREE TO AND WILL ABIDE BY THE  
RULES OUTLINED HERE WITHOUT EXCEPTION.**
