PCG Shiny Hype

That is the official shiny list of all shinys caught in

oOJadewolfOo's stream

on Twitch:

The deal

- Whenever you catch a ✨shiny✨ I have to create a picture of the Pokémon and get your name on it! That Pokémon will be visible for everyone in the stream on the personal shyni showcase! *If (forever reason) you don't want that, tell me and I remove that.*

- You automatically take part in all existing **channel giveaway events** after you caught your **first normal 50 Pokémon** in my channel (no shiny needed). Your progress in my channel is then automatically tracked and keeped forever.

- You can always check your progress with the *!pokelp* command.

- The giveaways and prizes are not officially announced and documented in that document. I might talk about the prices during the stream, but I won't add it in the title, so we prevent **prize grabbers from coming** along and make this a community thing.I💖

- You can get prizes by catching a special number of a shiny or a special amount of shinys in my channel - **remember you need to have at least 50 Pokémon caught in my channel if you hit a community caught number. That is very possible if you spent a few days watching my streams**.

Shynilist
