San Antonio Math Include

Provide Greater Access to STEM Education to All Students

Eva L.

Tutor
San Antonio Math Include

Eva is part of the Class of 2022 at Basis San Antonio Shavano. She likes to dance in her free time. She also plays in the orchestra in Basis Shavano. She also loves playing sports, and she will soon start to do swim this year! SaMi is a good and fun organization that helps kids master the art of math, if you would call it an art, but the students get to learn different skills on how to solve math more efficiently and quickly, which can be helpful during testing time. Eva wants to encourage every student to continue being part of the organization and if you would like to join please do! SaMi enjoys having more and more students learning!
