

Which Creative Commons licence is right for me? accessible document

This document is intended to help creators decide which Creative Commons licence should be applied to their work. It accompanies a [flowchart](#) and [Creative Commons for Researchers: a Practical Guide](#) provided by the University of York Library.

Start here!

Please follow the 'Yes' or 'No' links to navigate through the following questions, beginning with question 1:

1. Am I okay with other people copying and sharing my work with attribution, but without needing my permission?

[Yes](#) or [no](#)?

2. Am I okay with them changing/adapting and sharing new versions of my work?

[Yes](#) or [no](#)?

3. Do I want others to share new versions of my work under the same terms, or a compatible licence?

[Yes](#) or [no](#)?

2a. Am I okay with other people making money out of their reuse of my work? (ND route)

[Yes](#) or [no](#)?

3a. Am I okay with other people making money out of their reuse of my work? (SA route)

[Yes](#) or [no](#)?

3b. Am I okay with other people making money out of their reuse of my work? (BY route)

[Yes](#) or [no](#)?

Results

Creative Commons licences may not be suitable for your work.

Consider adding an 'All rights reserved' statement instead.

Use an Attribution-NonCommercial-NoDerivatives licence (CC BY-NC-ND).
