

Back when i was carefree butter fly
Back when summer heat was high
I one day stumble on to strange new world
At first i was a bit of worry
i felt lost and was in hurry
Wishing i were back home and out of the cold
I didn't lose ho ho ho hope
Had some friend who can help me tomorrow
It time go go go go
With chance to evolved i know we can believe
The next day i know were going to try
Even if we had to fly
together were not alone
I know you there next to hold
Some say we should stay from trouble
But trouble will find us if we stay
One day we can fly
Oh my love
