I believe that Heav'nly Father

knows me and He cares

For when I ask for help

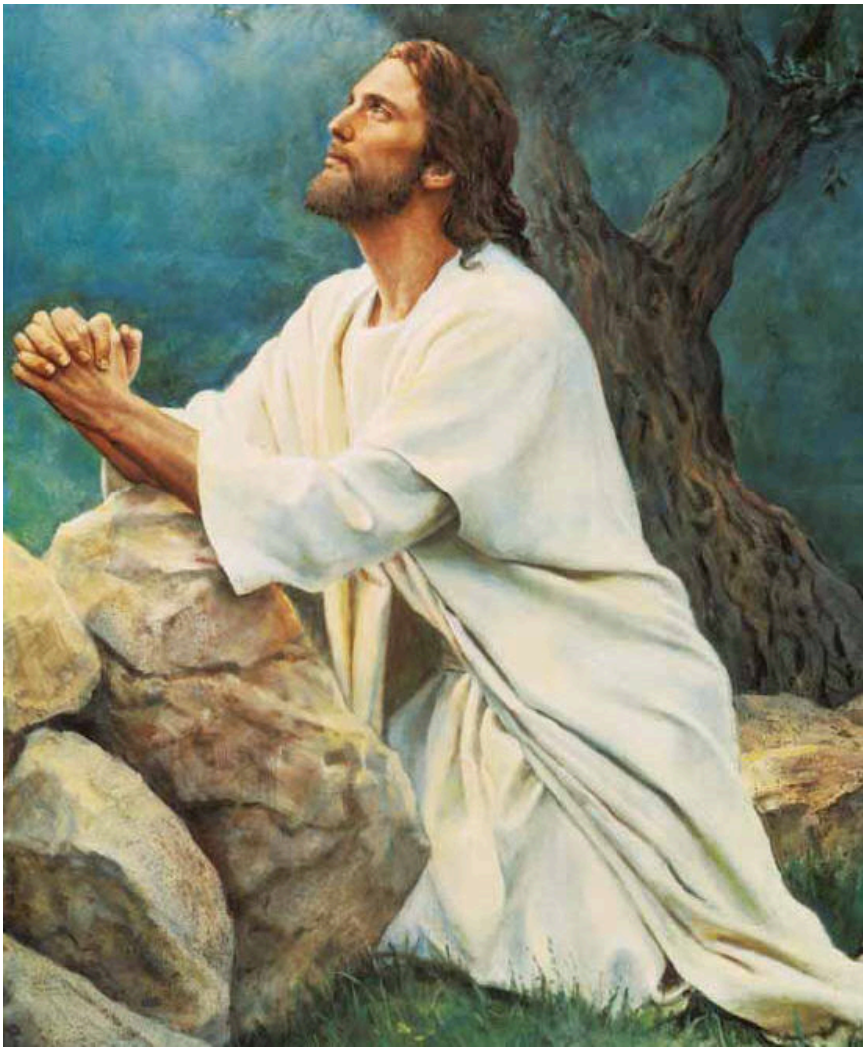

He gives me answers to my prayers

I believe He loves me too

because He sent His Son

To die for me so I can live

When life on earth is done

I believe that Joseph Smith

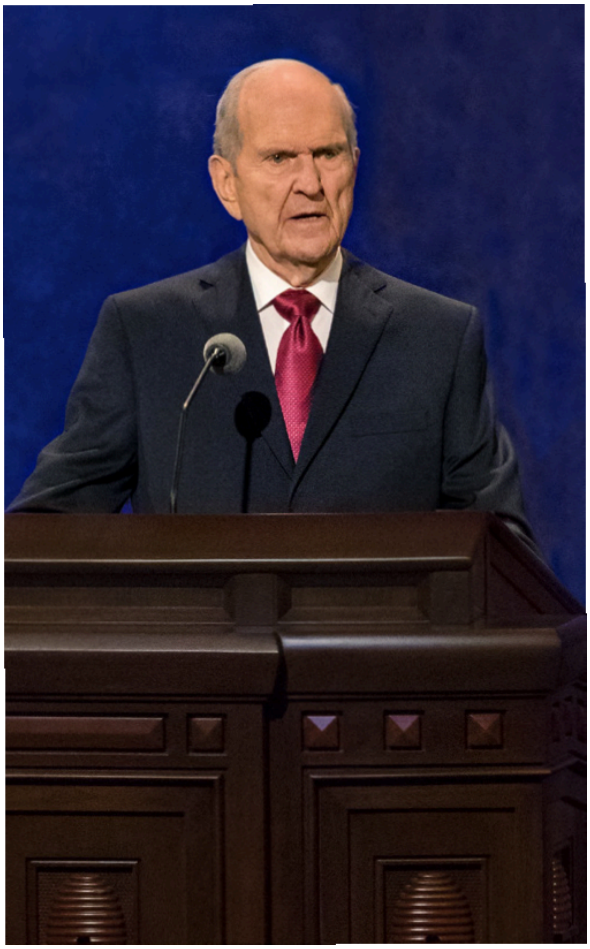

Was chosen by the Lord

To be the one through whom He could reveal

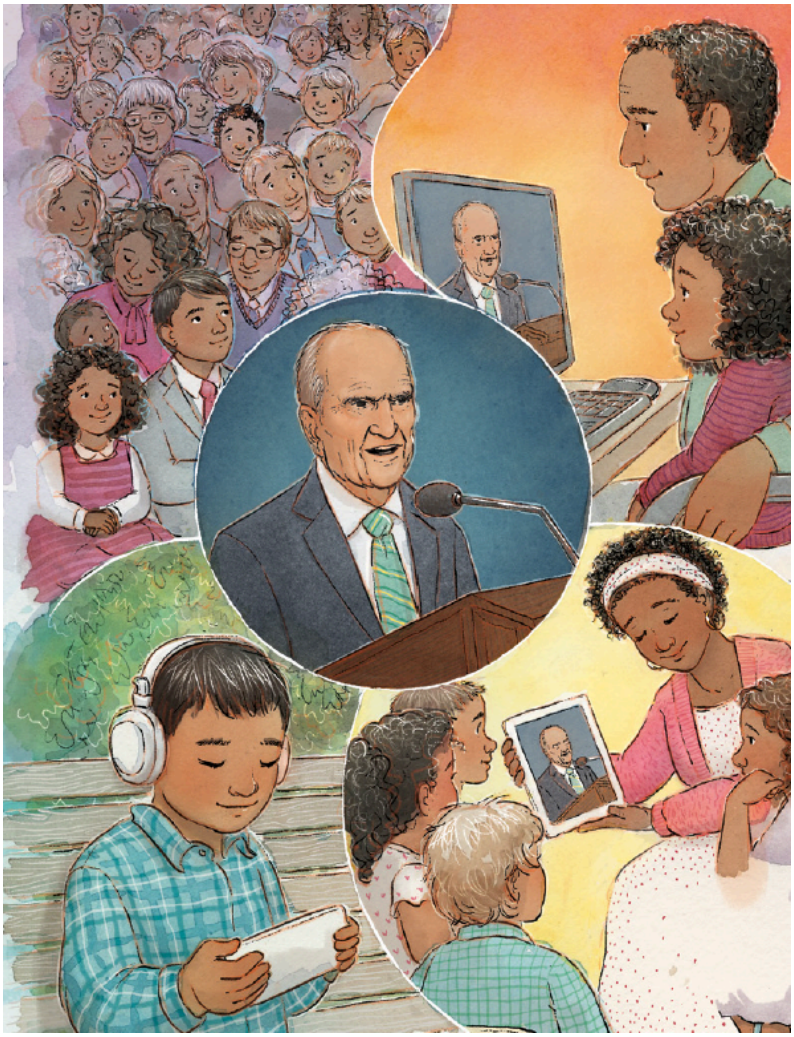

His sacred word

I believe our prophet knows

God's will for us today

And we must listen carefully

To what he has to say

My testimony is growing

As gospel seeds are sown

My testimony is growing

A witness of my own
