Email 2:HSO

Subject: **“What is this terrible smell?”**

[Name] picture this scene:

The year is 2022.

Jake makes his way into the new disco in California.

After hours of self-encouragement, he decides to go on his mission and seduce his potential partner, a beautiful feminine lady with a perfectly curved body sitting alone at the bar.

As he walks towards the chosen one he has a good feeling since his crush blushes at him.

They start chatting and it's going incredibly well.

Jake has already pictured the night with her.

Suddenly, the woman expressed words that will forever impact Jake's life.

“What is this terrible smell?”

In a rush, the woman leaves Jake unexpectedly and starts dancing with another guy.

Now he has to sit and see the loss with his own eyes and be alone another day, month, or his entire LIFE....

How could Jake waste the chance of his life?

Because of the musty smell, Jake's friends never visited him anymore.

Does it sound familiar to you?

Thankfully Jake unearthed the simplest method to never worry about odor of any kind.

Find the exact method that Jake applied in the next email to change your life ASAP.

SPOILER: It's not to put on cologne.

Email 3: DIC

Subject: How to smell like **success**  (and it's not because of a Louis Vuitton cologne)

[Name], I am gonna be brutally honest with you.

YOU and only **YOU** can change how others perceive you.

If others don't want to enter your home how could you ever establish friendship?

How will they ever get to know you if they hate your "natural odor"?

All the uncomfortable faces and canceled dates would be GONE.

Start [HERE](#) to discover a **FREE** scientifically proven guide to make that bad odor irrelevant (And it is not just putting deodorant).

PS: There is still a secret I can't tell you now, it's a small cheap gadget that together with the guides I gave you, will ensure a scent-sational time with friends.

Make sure to not miss the next email to find out the last part of the puzzle!
