Personal data processing

This app uses AppMetrica (Yandex.Metrica for applications) analytics provided by YANDEX LLC as specified in the [Terms of Use of the service](#).

AppMetrica analyzes app usage data, including the device it is running on, the installation source, calculates conversion, collects statistics of your activity for product analytics, ad campaign analysis, and optimization, as well as for troubleshooting. Information collected in this way cannot identify you.

Depersonalized information about your use of this app collected by AppMetrica tools will be transferred to Yandex. Yandex will process this information to assess how you use the app, compile reports for us on our app operation, and provide other services.
