

## Grants at the Minnesota Department of Education

The Minnesota Department of Education manages and processes state and federal grant awards to school districts, higher education organization, other educational entities, as well as community-based and nonprofit organizations.

Visit MDE's competitive grant opportunities page for a list of grant opportunities. Here you will find a link to all of the active grant opportunities offered by MDE. Please select individual competitive grant opportunities to view the instructions and corresponding grant documents for that grant. Also included is a link to the Electronic Grants Management System (EGMS) archive. Once we have concluded accepting applications for a grant opportunity, we will also archive that opportunity on this site, following our data retention policies.
