What's Happened since HHS: "The Good, The Bad, The Ugly"

Out of high school, Patsy Cook and I went to Weaver Airline School in Kansas City, MO to become airline reservationists. After completion of the course, on the way home, we stopped in Dallas and interviewed with Braniff and were told that we had to be 21 years old. We then went to Houston where I got a job with Tenneco. For a while I roomed with Kathryn Sefton, after a year I came home and married high school boyfriend, Bill Conely. That lasted a year and I went back to Houston and Tenneco. I was there for 9 years before the traffic got to me and I came back to Harlingen to run Sammy's Red Barn. Managing a restaurant/bar is the hardest job I ever had. After a few years I decided to lease the property and went to work for Anne Flory and Jay Meade at their advertising agency. I then went to work for KGBT-TV in the sales department. I was lucky enough to retired at age 50. I am married to retired Captain John Doster of the Harlingen Police Department. We were married in Las Vegas and Anne Flory hired "Elvis" to walk me down the aisle. He sang "Love Me Tender and "Viva Las Vegas". Jamie (Stone) and Jerry Roberts and Kay (Laffoon) Bird were our attendants. We had 7 years of good health before Dystonia affected me. While healthy we traveled extensively, several cruises and many gambling trips. Now the best I can manage is occasional trips to Louisiana casinos so John and Jamie can gamble. No matter what high stakes game they may be in, we meet every day at 5:00pm for cocktails!! NOW YOU KNOW THE REST OF THE STORY!!!
