

Restore BPS101 Update June 17, 2020

Hello BPS101 families-

We hope this email finds you well. There is a lot going on at BPS101 to prepare for our next school year and we want to keep you up to date as best as possible as things progress this summer.

Here are two major questions that we will answer in this message:

1. How will I receive information about school reopening?
 2. When can we expect to hear about the plan to reopen schools in the fall?
-
1. How will I receive information about school reopening?
 - To make it easier to prioritize and identify messages about the fall reopening, we will use the title "Restore BPS101" in all of our communications.
 - Updates will be sent regularly via messenger to all staff and parents/guardians. Students will receive periodic updates in their emails. Social media will be used to direct users to the latest messages.
 - All information will also be posted on the website on the [Restore BPS101](#) page.
 - For your convenience, all questions can be sent to one email address: help@bps101.net.
 2. When can we expect to hear about the plan to reopen schools in the fall?
 - As of today, guidance from the State of Illinois about bringing back students to school has not been communicated. BPS101 will not be finalizing plans without their guidance.
 - BPS101 has four groups that are meeting weekly to plan for the reopening so we can be ready to act when we have answers from the State. If you are interested in learning about the work of the four BPS101 groups, [meeting summaries are posted weekly](#).
 - Once we do receive the State's guidance, we will communicate when you might expect to see the BPS101 plans.

Please look for regular updates from BPS101 under the subject, Restore BPS101.

Always Learning, Always Growing
