V. Reports

A. Administrative Report (Elizabeth)

Building

- The furnace has been running consistently since the last work was done before Spring Break.
- The leaks from the roof over 2nd, 7th, and 8th grade are not resolved. The owner/contractor is not going to do anymore shoveling or work on the roof until the summer. When they fix the roof, they will replace/restore the interior wall, carpet, etc. damage.

Enrollment/Lottery

- We added another informational meeting. It was held on Monday (April 5). We had five (family) attendees.
- There are currently 66 applications for the lottery. There are applications for each grade level; most applications are for Kindergarten.
- Today's enrollment is 193.

Staffing

- Our first grade classroom teacher position will be posted for next year. Mrs. Bennett is taking a leave of absence for one year next year.
- We have one strong candidate for our handwork position, and have received a letter of interest.
- The Kindergarten opening has been posted in the Waldorf Today jobs posting page, and we have received one promising letter of interest.
- All positions will be posted for in-district transfers when the school district opens up hiring. Our openings will be posted for out-of-district applicants if we do not fill the positions from in-district transfers.
