

## Template for Evidence(s) UI GreenMetric Questionnaire

University : Sisaket Rajabhat University  
Country : Thailand  
Web Address : [www.sskru.ac.th](http://www.sskru.ac.th)

### [2] Energy and Climate Change (EC)

#### [2.7] Total electricity usage divided by total campus' population (kWh per person)

$$\frac{\text{Electricity usage per year}}{\text{Total number of regular students} + \text{Total number of academic and administrative staff}}$$

total electricity usage divided by total campus population

$$\frac{13712 \text{ kwh}}{8397 + 553} = 1.532 \text{ kwh}$$
