

TNN Basic Chip Script

Wording optional but make sure all chips are offered.

Here at the Tampa Nightly Newcomers Group we have a chip system to denote and celebrate milestones in Sobriety.

We start off with the most important chip. ***The white chip of surrender.*** If you want to give up the fight, pick up a white chip and try this sober way of life. Anyone for a white chip?

We also offer monthiversaries:

1 month (Pause for a moment)

2 months (Pause for a moment)

3 months (Pause for a moment)

4 months (Pause for a moment)

5 months (Pause for a moment)

6 months (Pause for a moment)

7 months (Pause for a moment)

8 months (Pause for a moment)

9 months (Pause for a moment)

10 months (Pause for a moment)

11 months (Pause for a moment)

Anyone celebrating 1 year today or this week? (Pause for a moment)

18 months (Pause for a moment)

Anyone celebrating a year anniversary from 2-90 years? (Pause for a moment)

In this group we also offer a black resentment chip. If you have a resentment you can't let go of, pick up a black chip. (Pause for a moment)

The group will mail you a chip along with a prayer from the Big Book. Use the prayer as instructed and then let us know when the resentment has been lifted so we can celebrate with you.

Offer the white chip one more time. (Pause for a moment)
