Hello *artistic* ALCHEMISTS**!** 🪄

We have had such a beautiful evening discussing and sharing our work, achievements, and struggles. Being that we are such a well-rounded and generous group, we should keep this community open for collaboration! ✨

Below is a space for us to offer up our skills and ask for collaborators where we may need help or inspiration. This can be for personal projects, artistic endeavors, or even work gigs. Feel free to come back and update your section anytime, we are ever-evolving creatures. 🦎🌓🦋
