total weight increase after subtracting the item weight: **1016.01 to 1038.21 LT**

(variance based on class weapon weight, warrior/valk having the heaviest and sorc the lightest)

Just for fun: [Silver embroidered traders +5](#)

400LT, 1.5 weight instead of hercules set, rest stays the same.

Total weight increase after subtracting the item weight: 981.11 to 1003.31 LT

further enchanting manos golden coral belt: +100LT per enchant (total 600 at pen)

all pearl weight: **+500 LT** (+250 LT limited, 300LT limited)

all loyalty weight: **+200 LT**

strength lvl30: **+40 LT** (further increases if leveling past 30, but takes too long)

polar bear pet +20LT at t1 for each one, increases by 10 per tier till 50 each at t4, max **250**

(only possible to get multiple t4 bears from time limited boxes, may not be currently available, otherwise only from gifting package and that is shared limitation of 10x1 with hedgehog)

Fairy Skill Feather Steps

Weight penalty reduction, up to 105-125% depending on skill level. This will allow for processing past 100% weight.

temporary buffs

value pack: **+200 LT**

Short term buffs for crate stacking:

honeycomb cookie/margoria seafood/seafood cron meal +50 LT (90/120 min) or Skewered Llama Cheese Melt/Special Drieghanese Meal/Energizing Cron Meal

+100 LT (60/75/90/120 min)

alchemy stone of green or higher quality between 15 LT and **90LT** *(theoretically higher, but unlikely to ever get splendid 105LT/shiny 120LT)* (10min, auto refresh, but may refresh too slow and stop processing)

Verdure Draught **+200LT** (15 min)

Perfume of Swiftiness **+200LT** (20 min)

Absolute max with pen golden coral, shiny, all limited stuff, short buffs, etc.
3714.01 to 3736.21 LT

note: these are values for weight increases, they are additional to base character weight depending on class and level which will be roughly in the ~ 400 LT ballpark
Some values can be found [here](#). Shai likely has the highest weight limit due to her Light Bag skill that increases LT per charlevel.
