

## Advisory Committee Descriptions & Contact Information 2023 Call for Nominations

The **InCommon Steering Committee**, seeks engaged leaders who will help determine the strategy for InCommon and for the overall Trust and Identity area. We are looking for nominations for leaders in higher education IT, service providers, and research groups. The Steering Committee is elected to represent the broad range of InCommon Participants. For more information about InCommon's mission, the role of the Steering Committee, and a current list of Steering Committee members, please visit our [leadership site](#). The committee chair is Marc Wallman, North Dakota State University.

The **InCommon Technical Advisory Committee (TAC)** supports InCommon's mission "to create and support a common framework for trustworthy shared management of access to online resources." The TAC works best when its members span a variety of perspectives, including (but not limited to): universities and colleges of all sorts and sizes; research organizations, traditional and virtual; regional R&E network providers; sponsored partners; trust and identity solution providers; and international partners. The TAC seeks members with a necessary background of:

- IAM and federation technologies including IdP and/or SP operations, or policy
- Active participation in the education and research community (e.g. working groups, conference presentations, etc.)
- Commitment to the mission of InCommon and the willingness and ability to participate fully in the activities of the TAC

Learn more at the [TAC wiki space](#), which includes the group's charter, current member list, work plan, and public meeting minutes. The committee chair is Keith Wessel, University of Illinois at Urbana-Champaign.

The **Community Trust and Assurance Board (CTAB)** seeks additional members to continue support of Baseline Expectations for Trust in Federation. CTAB's duties include shepherding the community consensus, guiding InCommon's trust programs, and leading dispute resolution when concerns about participants arise. Members will have a substantial and lasting impact on how InCommon enables the academic mission. CTAB needs members representing all of InCommon, including:

- Universities and colleges, both large and small
- Research and scholarly communities
- Commercial service providers, both large and small
- IT and IT security strategic leadership
- IAM and information security operations
- International perspective
- Internal audit

Learn more about CTAB, including the charter, current member list, and public meeting minutes, at the [CTAB wiki space](#). The committee chair is David Bantz, University of Alaska.

The **Community Architecture Committee for Trust and Identity (CACTI)** seeks individuals whose experience and expertise together comprehend the range of T&I architectures and activities nationally and internationally and the range of constituencies that comprise the research and education sector. CACTI is a standing architecture strategy group of global community members. Learn more about CACTI, including the charter, current member list, and public meeting minutes, at the [CACTI wiki space](#). The committee chair is Margaret Cullen, Independent.

The **eduroam Advisory Committee (eAC)** is a committee that helps formulate strategies and practices for US and global research and education roaming networks, reports any findings, and makes recommendations to CACTI and Internet2, the eduroam-US operator. We are looking for volunteers across various constituencies that make up the eduroam-US community including regional partners, K-12 partners, research institutions, small colleges, etc. Review the [eAC wiki space](#) for more information. The committee chair is Brett Bieber, University of Nebraska.
