OPTING OUT

If you no longer want us to use your data then you need to either pay to remove advertisements or stop using the app. For more choices please follow the “Opt Out” link for the respective service above.

Analytics

Blur photo - background editor use analytics (usage data) in order to understand how users engage with our apps and how to improve them. When you use these apps your device automatically sends certain information to our analytics partners Google Analytics. The gathered information includes, for example, the device type, the session length, and interactions with various user interface elements in the application. The analytics data collected is anonymous and is not personal data.

CHANGES TO OUR PRIVACY POLICY

Blur photo - background editor may, in its sole discretion, modify or update this Privacy Policy from time to time, and so you should review this page periodically. If we change our policy for any reason, we will update the 'Last updated' date at the bottom of this page.
