Set Your Preferences

SET YOUR PREFERENCES: Once your account is activated, go to <https://www.mystudentsquare.com/signin> login and click on your name in the top right corner. Alternatively, you can set your preferences on the app by following Account >>Notifications and Account >>Preferences

Notifications:

By default, you will receive StudentSquare messages to your email and to the App Notifications. There is also a Text Notification option that is turned OFF by default. If you want to change these settings, you will find them in the app under Account > Notifications.

- **Email/Text/App:** When setting your preferences, you can select which ways you want to be notified (or, select to be notified by all methods).
- **Digest:** You'll receive an email and/or text and/or an app notification once a day in the evening with all posts from that day. **ParentSquare sets digest as the default for all accounts.** However, if the messaging is urgent or an emergency, BISD ParentSquare administrators can override the default feature.
- **Instant:** If you select Instant, you will receive communications in real-time.

Preferences:

- **Language:** You can change the default of English to one of 100 languages. It is important that the language you select is also the language listed for you in Skyward. Otherwise, when Skyward synchs with ParentSquare, your language will revert to the language listed in Skyward. If you need to update your language in Skyward, please contact your school(s) for assistance
