

Stop leaving money on the table. Ready to fast track your launch? Hand over your work-in-progress and let me do the heavy lifting from here all the way to the finish line.

You're a transformational coach who's turned your life and business around. Now you're on a mission to teach the rest of the world to do the same.

Let's get the goods out of your head and into the hands of the people who need it right NOW.

You've got ideas floating around, content scattered across formats and channels, and you just don't have time to pull it all together cohesively.

That's where I come in. Stop wrestling with the details. I'll step in and bring all the disparate pieces together - so you can **launch your digital products fast, call in your crusaders and create a movement.**

Book a VIP intensive and sign me up for a deep dive day to work on whatever you need the most, right now, to launch.

That could be:

- Generating a detailed book outline so that you can then connect the dots and fill the holes easily
- Webinar slides and materials for your masterclass series
- Mapping out your course curriculum - modules, lessons, activities

Typically, I can achieve one of these in a single intensive. (Need more? Book further sessions at 10% off to fast-track your success.) You'll be amazed what can be done when a pro gives their full attention to your digital product!

Maybe your existing copy is looking dusty and needs a makeover. Or maybe you're launching for the first time. You might have a mish-mash of stuff you've been chipping away at forever... Whether you're updating and evolving or just getting started, you know you need to absolutely nail your core products. These content assets will continue to drive your business forward and keep working for you, every day.

This is a four-figure investment. If you know that this is what you need, drop me a line and let's get the ball rolling!

The details

You'll fill out a questionnaire so I can get my head around what you've got now and where you want to go - and what timeline you're working to.

From there, I'll be in touch to iron out the details. You'll receive an invoice for 50% payable upfront.

On the day, I get to work! Once delivered, you'll get one round of revisions. After your feedback is actioned, you'll receive the final 50% invoice.

Then, let it fly!
