Dear Chairman and Members of the Finance & Appropriations Committee Senators,

The Franklin Area Citizens Association was established more than 100 years ago and represents the interests of approximately 1,400 families in McLean, Fairfax County.

As President of the Franklin Area Citizens Association, I am respectfully requesting that the full Finance & Appropriations Committee KILL BILL SB 675 with your vote to Pass By Indefinitely.

At a recent TOWN HALL Meeting, several hundred citizens of Fairfax County attended and many spoke explicitly and powerfully against a Casino in Fairfax County at the Town Hall hosted by our Senator Jennifer Boysko, and our Delegate Rip Sullivan.

In brief, there is clearly no public support or need for this bill in Fairfax County, therefore please vote to Pass By Indefinity.

**With best wishes and many thanks,
Wallace Sansone
