ZANE'S STRUCTURES

Howard Zane - Ph: 410-730-1036 or email hzane1@verizon.net

Item #	Description	HO Dims	HO $	O Dims	O $
420	Sanding Facility	12.7" X 2.2"	1050	23” X 4”	1550

Completely original design. Goes with and connects to coal tower (Item 421), but is fine by itself. Wood and styrene construction. Coal and sand are real and are affixed permanently to shaped blocks. This design would be accurate from late 19th century right up to the end of steam. This design could be modified to fit most realistic budgets.
