

SL: One Advice That Changed My Mind!

How is your day Liam?

I watched your video on "4 Things I Wish I Knew at 20" and one thing that you machined stood out for me. Your advice on how important making life choices, this lit a "spark" in my mind to go deeper.

After visiting your website, I saw a few simple improvements you could make to encourage more website visitors to download your free ebook.

With this in mind, I created a headline that will tap into the emotions of potential readers and encourage them to take action and sign up for your free book. It will be below this email!

This will help you stand out from your competitors and attract more readers to your book.

I liked your positive messaging and would love to collaborate with you to reach a wider audience.

If this is something that interests you, let me know with a simple "yes" or "no."

With respect, Dāvis
