Social media pack #Women2030 Shadow Report: 'Gender equality on the ground: Feminist findings and recommendations for achieving Agenda 2030'

Background

We are delighted to be launching our global shadow report 'Gender equality on the Ground: Feminists findings and recommendations for achieving Agenda 2030'. This report is part of the #women2030 programme, which aims to build the capacities of women's rights organizations to advance local, national and regional gender-responsive sustainable development policies. Women2030 is implemented by Women Engage for a Common Future (WECF), Global Forest Coalition (GFC), Women Environmental Programme Africa (WEP), Asia Pacific Forum on Women, Law and Development (APWLD) and many partners worldwide.

This global shadow report provides a synthesis of the findings at the national and regional levels and the experiences of #women2030 over the past three years. It also highlights key feminist priorities, progress and structural barriers across countries, as well as best practices and opportunities for change.
The summary of the global report is available in **Spanish, French, Dutch** and **Russian**.

We are very proud to share this work with all of you and we hope you can help us get the findings and recommendations of the report out! This social media pack has all you need to engage and help us spread the message on social media!
