

2M Newsletter
January 29, 2026

Dear 2M families,

This week was Catholic Schools Week. Catholic Schools Week refers to a yearly national celebration in the United States that highlights the unique aspects of Catholic education, where schools organize events to showcase their faith-based learning and community involvement, typically taking place during the last week of January. It's a time to celebrate the gift of Catholic education and the values it instills in students.

Thank you for your help and support.

Sincerely,
Ms. McClellan
