

Last updated: 3/8/2026

Sea of Sharks respects your privacy. This app is designed to function without requiring users to provide personal information.

### **Data Collection**

Sea of Sharks does not collect or store personal information such as names, email addresses, phone numbers, contacts, or precise location data directly from users. The app does not require user accounts and does not link data to a user's identity.

### **Advertising**

Sea of Sharks displays advertisements provided by third-party advertising partners (Google AdMob).

These partners may collect limited device information, such as device identifiers, IP address, coarse location, and interaction data, in order to serve and measure advertisements.

The app may request permission through Apple's App Tracking Transparency (ATT) framework to allow personalized advertising. If the user grants permission, advertising partners may access the device's advertising identifier (IDFA) to deliver more relevant ads. If the user declines permission, ads will remain non-personalized.

### **Data Sharing**

The developer does not sell personal information. Limited device and usage data may be processed by advertising partners as described above in accordance with their respective privacy policies.

### **Children's Privacy**

Sea of Sharks is not directed to children under the age of 13. The app does not knowingly collect personal information from children.
