

This form is required ONLY
for students in CHAMBER,
VARSITY TREBLE AND
VARSITY TENOR BASS.

Mansfield Choir Varsity Agreement 2025-2026

Membership in the Varsity Choirs and Chamber Choir at the Mansfield Choral Department require a higher level of commitment than the other choral ensembles. Varsity members are expected to be exemplary students both in choir and in all of their endeavors at Mansfield HS. Participation in these choirs should be considered a privilege and not a right. Consistent discipline problems, multiple placements in in-school suspension, BIC, discipline referrals for fighting, substance abuse, and/or bringing weapons on campus, will result in a loss of privileges in the choral program to include movement into a different ensemble, loss of traveling privileges, suspension from performances, or removal from the choral program at the director's discretion.

As a member of a Varsity Ensemble, you will be expected to:

- Maintain academic eligibility at all times (2 instances of ineligibility will result in dismissal from the ensemble, into a lower or non-competing group).
- Maintain an exemplary discipline record.
- Attend all performances and required afterschool rehearsals. We will try to accommodate the majority of our students with our rehearsal schedule, but there will always be conflicts that may need to be worked out.
- Serve as a leader both musically and personally in the choir program.
- Prepare the audition music for the first round of All-State Auditions. This will be a part of your grade and you are strongly encouraged to take this music to the actual audition.
- Prepare a solo to perform for the Solo & Ensemble competition or at recital.
- Participate in all choir events-Concerts, Socials, Fundraising, etc.
- Actively seek to improve your vocal ability and musicianship skills.

Failure to meet any of these requirements will result in the student receiving a probation notice and will result in loss of membership in the group and movement to a non-varsity choir if the problem is not resolved within a given period. This will cause a change in the student's class schedule at the earliest possible time so that they may be placed in a more appropriate ensemble.
