Product Details & Angles

What is ContentGenie?

ContentGenie is the world's fastest Content Creation and Social Media Management Suite that creates, plans & publishes Contents across multiple social media platforms and websites, **using “Siri Style” Technology.**

Using the same AI Technology implemented by Siri - Apple's AI Assistant, ContentGenie creates 100% original Content, and Publishes this Content to your preferred Social Media Accounts (Facebook, Instagram, LinkedIn, Pinterest) and Websites...all in less than 1 minute!

Let's face it - Content is king, and social media is the kingdom!

According to stat:

- About 4.7 Billion people use social media (that's more than half the world population).
- The average person spends an average time of 2 hours/day on social media.

This means that no matter the product or service a person is selling, the right audience is always available on Social media.

The biggest hump is; ***“how to create the right content, to attract and convert the right Audience”.***

Content Creation is not easy!

Before now, there's been 2 major options available:

1. Do it yourself: You would involve spending money and time, researching, buying courses and testing out contents that are not original.
2. Outsource: You could pay content writers hundreds of dollars for just 100 words of content - totally expensive and overhyped!

We decided to create a Better Solution, a Faster Solution...a “Siri” Solution.

If you pick up an iPhone, and say “Hey Siri, what’s the History of Crypto?”

Siri is going to crawl the internet, and find you the best answers to your Question.

This is exactly what ContentGenie does.

When you enter a keyword or phrase, our Artificial Intelligence crawls over 10 million results, and writes fully original contents...all in less than 30 seconds!

By simply using a Keyword or phrase, our “Siri” Style Content Creator creates fully original Content

ContentGenie works in 3 Simple steps:

1. Enter your Keyword or Phrase: Just Enter your preferred Keyword or Phrase, and Generate original Content in 30 seconds.
2. Connect: Select the social media or blog account(s) you want to publish to.

3. Publish: Publish your content to your preferred social media platform (Facebook, Instagram, Twitter, LinkedIn, Medium) or wordpress blog account(s) instantly or schedule for later.

Here's what any user can do with ContentGenie:

- Create Original, Traffic pulling Contents for Social media & Website.
- Publish Contents instantly to Facebook (pages & Groups), Instagram, Twitter, LinkedIn, Pinterest, Medium & Wordpress.
- Discover & repurpose the most Viral Videos & Articles.
- Transcribe your Live speech into usable Social media or blog content.
- Convert your Ebook to usable Content for Social Media & blogs.
- Translate your Content in 30+ Languages.
- Keep your Social media followers Engaged using the in-built Viral Quote Discovery Tool.
- Schedule 3 years worth of Content right inside ContentGenie, using our Interactive Content Planner.
- Find High paying Content Creation & Social Media Management gigs inside ContentGenie.

...and lots more!

Main Features of ContentGenie

Content Creation

Siri Style Content Creation	Unlike other Content Creation apps that use scale & outdated content spinners, we built and Trained this AI Assistant for over 12 months, to create 100% original
-----------------------------	---

	Social Media & Blog Content, using only a Keyword.
Video Discovery	Discover the most trending Youtube Videos using keywords or entering the Video URL, Transcribe the video & repurpose it for a Social media or Blog post.
Article Discovery	Discover the most trending Article using keywords or entering the Article URL, and convert the Article Content to a social Media or Blog post.
Speech to Text Content Creation	Create Live speech, and transcribe it to Text Content for social Media & Blog posts, using our proprietary Speech Recognition AI.
Ebook Converter	Convert the content of any Ebook or PDF File to Social media posts or blog posts.
Quote Discovery	Keep all your Social media pages active by posting trending quotes, directly from ContentGenie
Social Media Post Editor	Customize your content for social media Posting using our custom Social Media post Editor. Add emojis, adjust text, Add images etc.
Wordpress/Medium Post Editor	Customize your content for Blog and medium posting using our custom Blogpost Editor. Add Images, videos, Text & Background color, featured image etc.
Advanced Content Planner.	Plan and schedule posting for all Social Media and Blog content for the next 3 years. View planner calendar by day,

	month, and year to organize your content goals with more efficiency.
