# San Antonio Math Include

Provide Greater Access to STEM Education to All Students

**Gianna K.**

**Tutor**  
**San Antonio Math Include**

Gianna is part of the Class of 2024 at Mission San Jose High School. Her favorite subjects are English, History, and Math. After school, you could usually find her reading, writing, doing homework, jogging, or just working on some sort of project. She is passionate about learning new things and enjoys helping other people. Although she had made peace with the subject (and even came to enjoy it), she has a history of struggling with math when she was younger, which is why she decided to participate in this program and help others become better at it.
