

KEYS TO SUCCESS: Personal Check-In

1. How have you been doing with Key #1: Showing up to class on time (in Spanish class)?

0	1	2	3	4	5	6	7	8
I don't show up.	I usually don't show up on time.	I get there late, but close to the bell.	I might be "on time", I don't get going on the Calentamiento right away		I'm usually on time (ish) and get to work.	I'm on time and get going pretty quickly.	I'm always on time and working at the bell.	I'm early, and <i>working before</i> the bell rings

2. How have you been doing with Key #2: Be prepared?

0	1	2	3	4	5	6	7	8
I don't even know where my binder is.	I don't know where most stuff in my binder is.	I get my binder, but I don't get a pencil.	I get a pencil, and get a new paper if Profe Katy asks me if I need one.		I usually get a pen or pencil if I need it, and I eventually get a paper if I need that.	I always get a pen or pencil if I need it, and I eventually get a paper if I need that.	I always have my binder out, and usually get a new paper if I need it.	I always have my binder out, and I get a pen/ pencil/ paper on my own if I need it.

3a. How have you been doing with Key #3: Be Engaged?

0	1	2	3	4	5	6	7	8
Wait, this is Spanish class?	I mean, whatever. I pay attention when Profe Katy yells enough to get my attention.		I have a hard time paying attention* and acting like I care. It's hard to be respectful. But I mean, I guess I could do better.		I try to pay attention most of the time.	I pay attention, and even when something is going on*, I try to keep a positive attitude and act like I care.		Yep. I pay attention, I care, I have a good attitude, and I'm respectful.

3b. Man, *distractions can be a bummer. What sorts of things distract you?

- ☐ I don't get it: I need some more notes or something, 'cause I don't understand what's going on. So, it's easy to get distracted by other stuff
- ☐ Sleepy: I don't sleep very well, so I am pretty tired in Spanish and want to put my head down.
- ☐ Talking: man, people around me are talking ALL THE TIME, or there's just people in this class it's hard not to talk to. (Or talk *back* to.)
- ☐ Hungry: I'm usually pretty hungry in class. That makes it hard to concentrate.
- ☐ Food/stuff is distracting: I bring in food or ask for food a lot from others in class. Maybe it's that?
- ☐ Sad/Upset: There's a lot of stuff going on in my life right now that I think you should know about.

☐ Phone: I use my phone a lot in class. Maybe it's that?☐ Lazy/unmotivated: I just don't feel like doing work a lot of the time in Spanish.☐ Other: _____**4. How have you been doing with Key #4: No Missing Work?**

0	1	2	3	4	5	6	7	8
I don't even know what I have missing, but there's a lot/ it's almost everything	I have SO MUCH MISSING WORK UGH Profe Katy is doing too much.	I know there's, like, some stuff missing, but I know what it is and I'll do it.	I only have a few things that are missing, and I have a plan to get them done. I'm totally coming in, don't worry. I could maybe keep on top of it better, though.		I have a lot of stuff done, and only one or two things missing or not totally complete	I know the one or two assignments I have missing, and know I just need to finish them and put them in the right part of my binder to get credit. It's cool. I even have a plan for when I'm going to do that.		I have nothing missing, I often work on my own, and I definitely "get" what we're doing. My binder check was <i>perfecto</i> .

5. How have you been doing with Key #5: Ask Questions!

0	1	2	3	4	5	6	7	8
Whatever, who cares.	I don't like to ask questions.	I don't like to ask teachers, but I'll ask someone maybe.	I will definitely talk to people at my table first, but I'll talk to Profe Katy when she comes around -- or I'll shout out my question until she answers it.		I will raise my hand and ask as long as Profe Katy comes over.	I will figure out what I don't understand, and will ask someone at my table first and Profe Katy second if I don't understand something.		Even if Profe Katy is busy, I will keep <i>persistent</i> and ask her my questions when I have them so I know I "get it."

6. How have you been doing with Key #6: Profe Katy = Resource!

0	1	2	3	4	5	6	7	8
What ever, teachers suck, I don't need them.	I don't really talk to her. Eh, it's fine. She should just know not to talk to me.	I've told Profe Katy that I need a drink before I leave the room.	I mean, it's not like we're super good friends, but I've told Profe Katy to leave me alone when I needed space.		I've told Profe Katy what my problem is if she's bothering me about something	Whenever I have something going on, I'll try to talk to Profe Katy before class, or I'll catch up with her after class/the next day so she knows what was up.		If I have an ongoing thing (like dyslexia, or anxiety, etc.), I have already talked to Profe Katy about it so she knows how to help me.

7. How have you been doing with Key #7: Focus Up!

0	1	2	3	4	5	6	7	8
I'm pretty much <i>always</i> on my phone, or always talking.	I talk a lot or am on my phone a lot.	I talk some or am on my phone pretty often.	I am sometimes talking or on my phone, but I try to put it up/stop talking when it's really important.		I'm usually on time (ish) and get to work.	My phone is usually away, and I don't talk socially too much. I definitely "get it" almost all of the time.		My phone is always away (or helping me take notes), and any talking supports my learning and others'.

8. Last one!! How have you been doing with Key #8: Use your TIME!

0	1	2	3	4	5	6	7	8
I basically spend 0% of the time in Spanish class on Spanish work. Whatever	I spend... not... very much time working in class.	I work sometimes, I guess.	I work much of the time in Spanish class. I might come in for Advisory to get stuff done		I work a lot, and I plan to come in for Advisory.	I use my time really well in Spanish class, always! And/or I've come in after school or during advisory!		I use my time so well, I even help others around me with their Spanish work once I'm done.

11. OKAY. Reflection time: HOW DO YOU THINK CLASS IS GOING? Is it too easy? Too hard? Do we do too much or too little with the stories? With the notes? With the binders? Do we need more games, or more Kahoot? What will help YOU learn best? Please take other people into consideration -- we can't blast music or talk over others all the time -- but what do YOU need?

12. Reflection time: How do you feel PROFE KATY is doing? Does she need to work on how she asks you to do things? Does she need to be more strict? Does she need to write people up more, or do anything like that?

13. *Personal* Reflection time: What can YOU do, specifically in Spanish class, in order to have the MOST SUCCESS as a Spanish student? (On the Key to Success you picked in #9, or to do better in class in general)? Notetaking? Getting work done? Memorizing the words? More flashcards?

14. Reflection time: What can Profe Katy do -- within the constraints of the classroom, our class time, and the people in our class -- so that YOU have the LEARNING SPACE you need? *

15: OPTIONAL: Anything you'd like Profe Katy to know about you, what's going on in your life, or what you think about Spanish class? (Is there anything that she needs to do to HELP YOU DO better in Spanish Class?)

OK! Thanks!! Now, GET SOME MISSING WORK DONE or PRACTICE the WORDS!!! (Go to the blog to help! [edisonesp1](#) or [edisonesp2.blogspot.com](#))
