Dark Excalibur/The Left Hand of God:

After the 2nd Conquest of Mecca under the Suzianna-Texas joint force in Operation False Profit Blues, all who didn't surrender to the forces of Suzianna's Black Berets, Suzianna's Shock Troopers, Texan Knight Templars, Texan Revelators, and the Texan Malleus Domini were either killed or forced to kill each other. Those who surrendered were sorted into two groups: The Rags and The Silks. The Rags would be sent to the trains to be sent to Turkey and the Silks, often children and women, are sent to Aral Sea at an open air Prison Camp before they're transported to Suzianna to be slaves. From there, King Simon used a sledgehammer to remove the Black Stone and would forge Dark Excalibur in Brimstone and tempered with the blood of the Rags who weren't sent to Turkey.
