Character

Personality: *A fresh and Charismatic, happy individual who uses plenty of fish-puns and is generally aloof. Dislikes the judgemental or insulting kind of people. Goes with the flow.*

Quirk: *Replaces the letter "U" with "W", accenting the words. Replaces words with sea-related themes, such as "about" (which would be abowt) to "a boat".*

Backstory: *Your name is Piirst Cybele, a Violet-Blooded Sea-Dweller. Your home resembles that of a Giant White Sea Snail Shell, which has since been abandoned by whatever made it. It is anchored deep into the bed of the sea floor below and floats from the copious amount of air it has stored in its various levels. The shell is NIGH ON INDUSTRUCTABLE to even the mighty Kraken Lusus your neighbour has looming about. Which is lucky or else you would've been eaten long ago. Your own Lusus resembles something akin to a White Electric Eel; enabling it to defend itself with PURE FUCKING LIGHTNING or hunt its prey using a similar technique, only directed forwards. She also tends to take up a large part of the shell when it is home, making living quarters limited towards the center. Everything in your bedroom is of course COMPLETELY WATERPROOF or that would be SO STUPID.*

You are a naked person, neither conforming to how Trolls treat each other or the fixation on being dressed. You only wear your symbol on your MAJESTIC RING on your left hand, otherwise exposing your flesh to the world. And if anyone has a problem with that, they can watch your RUMBLEGLOBES as they disembark. You believe that Troll society is vulgar enough without resorting to calling others out on their blood colour; however you also acknowledge the distinction of colour is important in society. Generally you are a very happy fish-person, treating others how you wish to be treated. You have an out-going, fun and expressive personality that doesn't like to tone down, even if it pisses people off. Those Trolls can go extrude genetic material solo for all you care.

Your aforementioned neighbour is a exquisite Fuchsia Blood Fish-Troll heiress, who puts up with your antics and even joins in WHEN SHE IS OF A MIND TO DO SO. She is also your bestie and quite possibly your FUTURE MATESPRITE. Otherwise she is a bit spoil-sporty and you try to avoid her when she is in that mood, because she tends to bug and fuss with regards to your choice of lifestyle. Unlike you, she seems largely sheltered from excitement, while you frequently attempt to EXTORT PIRATES in exchange for the location of particularly dangerous Lusus locations to avoid. She is also your DANCEDANCE MODUS PARTNER, making her particularly IMPORTANT to your life.

Looks: *Wears at least one fancy ring on her index, of her left hand which has her Symbol embedded upon it. Shark-style smile. Will rarely wear Swim-goggles. Hair is long and wild.*

Relations:

Neighbour and Matesprit with Rouge. Life largely revolves around her, when not away from home.

Kissmesis with Daemus, extorts him and his pirate consorts for safe sailing passage, also uses them as a means for easy travel or share stories and play games - usually gambling, due to Daemus' obsession with it.

Met Rrobin once or twice, when she rarely travels with Daemus. Stares at Piirst. She's a creep.

Amaryn is always with Daemus. She seems to stay out of the way & accepts that extortion is healthy for her survival etc. Pretty forgettable person because she's pretty quiet, sometimes gets into conversations with Piirst.

Revark: Apparently someone who met Rouge / visited her. Piirst feels a little uneasy that she wasn't there, if only to judge the person for herself. Rouge only ever says good things about everybody.

lalita: Hasn't met them.

Akolit: Hasn't met them.

Vorpas: No idea he exists.

Zula: No knowledge of Earth

Jack: No knowledge of Earth

Hana: No knowledge of Earth

Extras:

- *7.5 Sweeps Old.*
- *Height is 5'7.*
- *Lives right next to Rouge.*
- *Fears Rouge's Lusus and keeps constant awareness of where it is currently.*
- *Ring of Bare Naked Ladies is a legendary artifact, which steals the user's clothes and benefits them as if they wore those clothes. It's said that a long time ago, an ancestor of Piirst's attended a Grand Performance on Land. The band was slain afterwards and a ring forged from their bodies. Only one 'full set' of clothes can be in the ring at one time. Some say, the strange music the band produced can still be heard if you listen closely.*
- *Piirst's Ancestor was The Mutineer, an Eco-Terrorist Festival-Going Hippie. When she was finally cornered for capture for previous crimes against Trolls of all blood colours, she unleashed a terraforming weapon that degraded all Trolls and structures within the blast radius. Today the crater is said to be the most flourishing of life.*
