

Google Slides Book Presentations

Students should have their presentation completed and be ready to present by the first day of school. A grade will be given for both reading and social studies.

The following should be included:

- Slide One: Title Page- Include your name and period.
- Slide Two: Book Profile Slide- illustrator, when the book was published, genre, and any awards the book has received
- Slide Three/Four: Main Characters

Slide 3- This section is all about your book's protagonist (or main character or good guy). You should write about the character, not what they do in the story. Things you could include are:

Their name, something about their personality, how old they are, or something else that gives us an idea about age like their year in school, their job or role in society (besides being a student), hobbies they have that are important in the story, anything about their family or friends that makes them who they are, and anything else interesting about them.

The two parts you have to include are: your character's strengths and weaknesses.

Slide 4- This section is about the book's antagonist (bad guy). You should include important information like:

Their name, their relationship to the protagonist, their job/role/hobbies, their personality traits, why they are against the protagonist, and their strengths and weaknesses.

(Of course, if you are reading a Man vs. Nature story, the list changes a little). In a man vs. nature story, you need to list the things that nature is doing to prevent your protagonist from solving their problem.

- Slide Five: Setting should include 2 things:

The book's time period

- o *First you should give us an idea of when your book takes place. You could give specific years or an era of history (you could use a decade, a war, or the name of an era like The Middle Ages or The Great Depression).*
- o *If your book takes place over more than one time period (like a time travel book) be sure to explain that.*

The Place

- o *Start out with the big picture: tell us the name of the country, state, city, or even planet where your book takes place.*
- o *If the place isn't named, you can just describe the environment (is it mountains, country, city, small town, swamp, desert...). Some of you will be able to do a little of both.*
- o *If it's important, you can tell us about things like climate and weather.*

- Slide Six: Book Summary- without giving away the ending.

- Slides Seven, Eight, and Nine:

themes- What is the underlying message of the book? Is there a lesson? What is the author trying to say with this story?

Mood/Tone - What is the mood or tone of the story? What are the feelings you get from this book? Are there any emotions the author is trying to play with?

Point of View - What is the point of view? Who is telling the story? How does this narrator affect how the story is told? How do they affect the mood/tone? Do you feel this point of view is the best way to tell the story?

- Slide Ten: What would you rate this book out of 5 stars and why. If you didn't rate it 5 stars, explain what you would change to make it 5 stars.
- Slide Eleven: (optional) Extra credit- for extra credit you can do any or all of the following:
 - Five questions you would ask the author or characters,
 - Back-ground information about the author
 - Make a connection- Text-to-self, Text-to-world, Text-to-media, Text-to-text (you must go into detail)

Create your presentation using provided planning sheets and rubric as a guide. You will need to submit your presentation to your teacher on the first day of school.
