Global Shabbat: Programming Tools

Utilize these scripts at key moments during your Global Shabbat experience.

The Global Shabbat Coordinators and the Jewish Enrichment team worked to create a resource for you and useful tools to create your community's Global Shabbat. You will find scripts you can use for services and Shabbat dinners, as well as quotes to add to your program planning form. We've also included programming ideas and suggestions for elevating your Global Shabbat. We wish you the best of luck in bringing Global Shabbat to life in your community.
