

Monday, December 5, 2022

Today, December 5, marks the 20th day of the Part Time Faculty Strike. We are 13 days away from the official end of the semester, and the administration has completely failed to act in the best interests of either students or faculty. The administration's failure to meet the union's demands has prolonged the time that students are out of the classroom, while a lack of clear communication has created confusion and unnecessary stress. The following demands were initially drafted by Student Faculty Solidarity and updated in response to student input with the firm belief that they will benefit all students.

Students' Demands:

- 1. We demand that every student receives a final course grade of A as well as the removal of I/Z grades for the Fall 2022 semester. Attendance shall have no bearing on course grade. Grading shall not be conducted by anyone other than the official course instructor or teaching assistant, with no 'Temporary Progress Reviewer' allowed to grade students.**
- 2. We demand that no student graduating in the Fall 2022 semester have their graduation date moved, regardless of any incomplete grades in previous courses or completion of thesis and/or capstone work. Their final transcript or diploma will not be contingent upon finishing said work.**
- 3. We demand a full suspension of all holds and removal of penalties placed on student accounts since the commencement of the strike (November 16, 2022) pertaining to registration, equipment rental, library rental, or otherwise.** Including: cancellation of all penalties and fines instated during the strike period for failure to return equipment, library material, etc., suspension of all holds on student accounts, and extension of all return dates for rented equipment and library material to two weeks after the beginning of the Spring 2023 semester.

4. **We demand continued access to all academic and non-academic facilities until the start of the Fall 2023 semester (August 28, 2023) for all students graduating in the Fall 2022 semester.**
5. **We demand that all students employed by the university under the Federal Work-Study (FWS) program be compensated to full and promised amounts of their grants, regardless of actual working hours performed during the strike period, as well as no student employment should be affected by the choice of a student employee to strike in solidarity.**
6. **We demand that all application deadlines or notifications of acceptance for programs such as grants, fellowships, scholarships, and other fundings provided through the University that have a deadline concurrent with the strike period be extended until the end of strike or last day of winter break (January 23, 2023), whichever comes later.**
7. **We demand the New School administration enact a complete and total implementation of all ACT-UAW 7902 demands as expressed during negotiations and in official communication, and disengage from all union-busting acts and/or communications.**

Despite calls for a tuition refund, such a demand was not included on the grounds that it is highly unlikely to be considered by the administration. A similar call was made during the Covid-19 pandemic, and even during those extraordinary circumstances the university did not refund tuition. A student parent group is currently working on a tuition-withholding strike, and they may consider including a tuition refund in their official list of demands.

TNS administration, like many other administrations in the past, is using the scare tactic of threatening that student visa status could be affected by the strike. There is no precedence of grade-withholding during a strike resulting in the revoking of visas.

Calls to Action for Students:

1. **Do not cross the picket line.** Including: attending class; submitting assignments; entering non-residential school buildings, including studios, office spaces, and practice rooms; using any physical or digital university resources, including the libraries, archives, printers, and Making Center facilities; communicating via New School email, Zoom, Canvas, or other digital services.
2. **Do not submit assignments.** Our power as students is strong in numbers. By collectively not submitting assignments, students are less vulnerable to any potential repercussions. Encourage your classmates to do the same.
3. **Refuse to meet with Temporary Progress Reviewers.** Resist the administration's implementation of this tactic. Only our instructors are qualified to fulfill grading requirements.
4. **Course evaluations:** Complete all of your course evaluations by pasting this [statement](#) into each written response question. Do not select any responses to multiple choice questions.
5. **Attend the picket line.** It is vital that we continue to demonstrate our active support of the union and our part-time faculty as the strike continues. Follow the [ACT-UAW 7902 Instagram](#) for updates.

Sincerely,

Student Faculty Solidarity

The New School

All students, organizations, affiliates, and non-affiliates are encouraged to [sign this letter here.](#)
