- Cashapp is **HIGHLY** preferred over all other methods.
 - Cashapp: \$CryaoticArt
- PayPal must go through the art manager, so is the least preferred method, but can be accepted.
 - We cannot send invoices, but can send a money request if needed. Direct payment is still preferred. The email to send payment to will be provided only when needed.

REFUNDS & CANCELLATIONS

- Partial refunds are provided if a commission is canceled during the sketch phase. The refunded amount varies at artist's discretion based on the amount of work completed.
 - If the sketch phase has not yet been completed before cancellation, a full refund will be provided.
- No refunds are provided for completed work, no exception.
 - Attempt to force a refund for completed work **will** result in a permanent blacklist from any further business.
- The artist reserves the right to cancel a commission at any point if need be. They are not required to provide an explanation. Refund upon artist cancellation follows the above rules.
- Commission upload can be null and void if Artist does not give permission to post; Blocking artist even after being paid in full, customer revoke the right to

post commissioned piece if uncompleted and have blocked communication with artist.

THE PROCESS

When placing an order, it is highly preferred that you fill out the provided form. This helps the whole process flow much smoother!

If you have access to [discord](#), you will be able to receive more frequent updates while your piece is being worked on, and may even be able to see it get streamed. It is highly encouraged you either join the server, or add the artist, to make communication easier.

Regardless of contact method, you will be provided the following WIP stages in which you can request alterations.

- Sketch Phase: Nothing is set in stone yet, so please speak up on any changes you desire. Once approved, it moves on to the next stage!
 - This is also the only stage in which you can get a full refund if you cancel.
 - If your commission is for only a sketch or colored sketch, this WIP stage may be skipped if you are not in discord. These coms move fast, and are typically finished in one sitting!
- Cleaned Sketch / Line: The sketch was approved, changes have been made, and now it is all nice and clean! During this stage, you can ask for minor changes. However large changes such as changing the pose will cost an edit fee, decided on a case by case basis.
 - If you decide to cancel at this stage, you will only be given a partial refund.
- Flat Colors: We're gettin there! Are all of the colors right? If not, ask for changes on those! But absolutely no edits to the linework will be made at this stage.
 - If you cancel at this stage, you will receive no refund. You will, however, be provided with the image and approval for another artist to complete it.
- Completion! You get your finished file! Now go pin it to the fridge.

This all said, please keep in mind some details about the work process!

- I do not work in order, but instead when the inspiration strikes. This ensures every piece gets the best energy that can be put into it!
- Due to health, work is often a bit slow. Please be patient when ordering!
- For the most frequent updates, please check [the Trello Queue](#) or contact my manager, [Mikora](#). Otherwise, if you are in the discord server, you can see WIPs of all projects there!
