

PARTNERING WITH RURAL & MIGRANT MINISTRY

RMM would be happy to come and present to your group. We would appreciate the opportunity to tell you more about the people of RMM and our initiatives. If it would be helpful to go through the Menu of Hope, we would be happy to do that as well. We ask that you organize as large a group as possible (e.g., several congregations, student groups, etc.) to make the most of our resources.

A good starting point to engage in our programs and to meet the people of RMM is through our website:

www.ruralmigrantministry.org

You will also find on our website various events and actions that will be happening in the months to come. We welcome your partnership.

If you would like to **volunteer** with RMM, please check our website and see if there is something that matches your interests and skills, and then get in touch with us (845-485-8627)! As you can see, there are opportunities through our Immigrant Legal Rights Project, Rural Academy of the People, Financial Equity/Credit Union and Youth Empowerment Programs. We also really need help in keeping up our centers and with our administrative tasks!

Your financial support of the Leadership Programs of RMM would not only be greatly appreciated, but would enable us to strengthen our efforts to work for change and justice. Donations may be made at:
