

## **Twitch Graphics**

I'm new to streaming, and in search of someone who can help with come up with the design for my channel.

My Twitch name is FreeBeard93.

As you can probably notice, I love everything American. I served 3 years in the Army, and 10 months of it was deployed overseas.

Open to any ideas or suggestions, willing to compensate if need be although money is tight at the moment.

FREEDOM,
