1. INTRODUCTION

Articles in the Gulf Journal are 6-10 pages long and uploaded in MS Word format. A maximum of 10 (ten) words is used as the article's title.

Articles are divided by category; (1) research articles, (2) technical articles, (3) conceptual articles, (4) case studies, (5) literature reviews, and (5) general reviews. Articles are written in an order consisting of Introduction, Research Methodology, Results and Discussion, Conclusion, Bibliography and Appendix (if needed). The way of writing chapter titles follows this template by choosing the available style, namely Heading 1.

Authors must ensure that their writing does not contain elements of plagiarism. Articles that have been published as proceedings are not accepted for publication in the Gulf Journal without going through a further process to complete the writing and data of the final research results.

Use this template by utilising styles or by copy and paste to ease the process of writing your article. Writing very specific terms, especially in English, uses italics.

2. METHODOLOGY

2.1. Research Location

The steps involved in research, concept building, or case solving are outlined in the methodology section.

2.2. Research Methods

Mathematical equations should be numbered consecutively and start with (1) until the end of the paper including appendix. This numbering should begin and end with open brackets and close brackets and be right-aligned. Add one blank line above and below the equation.

$$\%R = \frac{C_{in} - C_{out}}{C_{in}} \times 100\% \quad (1)$$

The nomenclature of mathematical equations is written in a separate section after the Bibliography.

3. RESULTS AND DISCUSSION

3.1. Table

For each figure, a caption must be given below the figure. The caption on the table is given above the table. The caption is written in lowercase except for the first character of each sentence. All figures must be numbered consecutively. Figures are centred aligned, while tables are left aligned.

Table 1. First Table Title

Time (minutes)	Floc size (μm)
2	1– 120
4	3 – 60
6	50 – 100
8	90 – 150
10	150 – 250
15	250 – 1000

Examples of table making can be seen in Table 1 and Table 2. If the contents of the table come from a particular source, mention it at the bottom of the table with a font size of 7.5 pt.

Table 2. Second Table Writing Example

No.	Information	Notation	Criteria
1.	Planning Discharge	Q_{puncak}	Kebutuhan air jam puncak $Q_{\text{peak}} = F_{\text{peak}} \times Q_{\text{rata-rata}}$
2.	Peak hour factor	f_{puncak}	1,15-3
3.	Water flow velocity in pipe	V_{min}	(0,3-0,6) m/s
	a. Minimum velocity	V_{max}	(3,0-4,5) m/s
	b. Maximum velocity	V_{max}	6,0 m/s
	❖ PVC Pipe		
	❖ DCIP Pipe		
4.	Water pressure in pipe	h_{min}	(0,5-1,0) atm,
	a. Minimum pressure	h_{max}	(6-8 atm)
	b. Maximum pressure	h_{max}	10 atm
	❖ PVC Pipe or ACP	h_{max}	124 atm
	❖ Steel pipe or DCIP	h_{max}	90 atm
	❖ PE 100 Pipe		
	❖ PE 80 Pipe

3.2. Figure

If the image is a secondary source, it is necessary to mention the source. The image description is placed at the bottom of the image. The picture does not need to be framed.

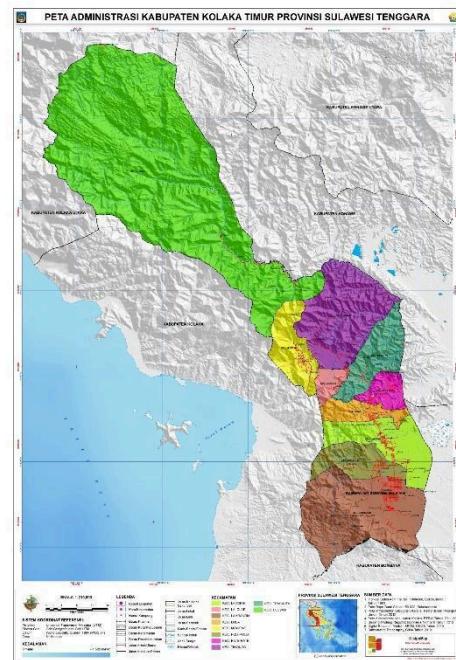

Figure 1. Example of Writing a Caption on an Image

4. CONCLUSION

This template was created for consistency in the format of articles published by Gulf Journal. The author's co-operation and willingness to follow the writing reference is highly expected.

ACKNOWLEDGEMENT

If there is one, please write it down in this section. Acknowledgements are only related to the source of research funding by writing the contract number.

NOMENCLATURES

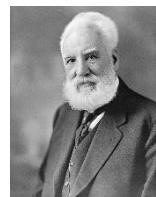

The nomenclature, along with the meaning of all mathematical equations or other nomenclature in the nature of the article, is written in this section.

R : Preliminaries

C_{in} : Concentration in solution at the beginning (mg/L)

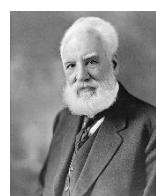

C_{out} : Concentration in solution at equilibrium (mg/L)

BIBLIOGRAPHY

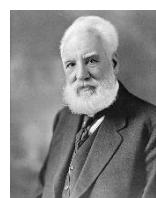

First Author (Student)

Author's bio, written briefly (maximum 100 words) and may be accompanied by a photo. The maximum height of the photo is 2.5 cm with the width adjusting.

Second Author (Supervisor)

Author's bio, written briefly (maximum 100 words) and may be accompanied by a photo. The maximum height of the photo is 2.5 cm with the width adjusting.

Third Author (Supervisor)

Author's bio, written briefly (maximum 100 words) and may be accompanied by a photo. The maximum height of the photo is 2.5 cm with the width adjusting.

APPENDIX

Appendices that need to be submitted as support for the article, written after the author's Biodata. A maximum of 4 (four) pages is allowed for the appendix section. If tables, figures, or mathematical equations are included, they should also be numbered consecutively.
