

VINCENT (STARRY ,STARRY NIGHT) SOL P1DM) CHORDU=SOL.OK! [Vincent Chords - Don McLean](#)

[Verse 1]

G Gsus4 G Am
 Starry, starry night, paint your palette blue and grey
C D G
 Look out on a summer's day, with eyes that know the darkness in my soul
G Gsus4 G Am
 Shadows on the hills, Sketch the trees and daffodils
C D G
 Catch the breeze and winter chills, in colors on the snowy linen land

[Chorus]

Am D G G/F# Em
 And now I understand what you tried to say to me,
Am D Em
 How you suffered for your sanity, how you tried to set them free,
A Am D G
 They would not listen, they did not know how, perhaps they'll listen now

[Verse 2]

G Gsus4 G Am
 Starry, starry night, flaming flowers that brightly blaze,
C D G
 Swirling clouds in violet haze reflecting Vincent's eyes of china blue
G Gsus4 G Am
 Colors changing hue, Morning fields of amber grain
C D G
 Weathered faces lined in pain are soothed beneath the artist's loving hand

[Chorus]

Am D G G/F# Em
 And now I understand what you tried to say to me,
Am D Em
 How you suffered for your sanity, how you tried to set them free,
A Am D G
 They would not listen, they did not know how, perhaps they'll listen now

[Bridge]

Am D G G/F# Em
 For they could not love you, but still your love was true
Am Cm
 And when no hope was left in sight on that starry, starry night,
G F E7
 You took your life as lovers often do
Am C
 But I could have told you, Vincent, this world was
D G
 Never meant for one as beautiful as you

[Verse 3]

G Gsus4 G Am
 Starry, starry night, portraits hung in empty halls,
C D G
 Frameless heads on nameless walls with eyes that watch the world and can't
 forget
G Gsus4 G Am
 Like the strangers that you've met The ragged men in ragged
 clothes
C D G
 The silver thorn of bloody rose, lie crushed and broken on the virgin snow

[Chorus]

Am D G G/F# Em
 And now I think I know what you tried to say to me,
Am D Em
 How you suffered for your sanity, how you tried to set them free,
A Am D G
 They would not listen, they're not listening still, perhaps they never will
