Cornerstone

Mandarin Chinese Immersion
Youth Theater Summer Camp 2025
for Upcoming K-6th Graders

Make this summer an unforgettable journey of learning and fun! Join us at Cornerstone and let the Chinese language become wings you can use to soar on the path towards gaining new knowledge and fulfilling dreams!

Cornerstone is pleased to offer two weekly summer Mandarin Chinese youth theater camps from **June 16 to June 20** and from **June 23 to June 27** for upcoming Kindergarten to 6th grade students at our Manuela Campus, located at 4243 Manuela Ave, Palo Alto, CA 94306. Here, you'll embark on a magical journey through the world of Chinese language and culture, all while having tons of fun.

Each week, we'll explore a different theme through interactive activities, hands-on projects, and engaging lessons.

Week 1: World Tales Tour (June 16 to June 20)
● Travel the globe through classic children's stories from different countries!
● Unleash your creativity with fun crafts to make story characters come alive.

Week 2: Science Sleuths (June 23 to June 27)
● Put on your lab coats and conduct exciting experiments to unlock the secrets of science in Chinese!
● Become scientific authors and document your amazing discoveries in Chinese.

Students will be placed into different learning groups based on their Chinese ability as well as their age. Our programs are perfect for all students of all levels of Mandarin Chinese study, whether they are at a beginner, intermediate, or advanced level. Students will dive into a variety of hands-on activities designed to spark their imaginations, encourage collaboration, and foster open communication with both peers and teachers in Mandarin Chinese.

The culmination of the camp experience will be a student-created play showcasing the students' learning. Family and friends are cordially invited to attend this celebration.

Camp Hours
The program takes place every day from 8:45 AM to 3:00 AM.
Early care starts at 8:00 AM, and after care ends at 5:30 PM. Both early care and after care are available to sign up for an additional fee.

Why Choose Cornerstone Summer Camp?

- A fully immersive Chinese language environment is provided to enhance students' confidence and proficiency in Mandarin Chinese.
- Instruction is delivered by experienced and passionate Chinese language educators who aim to provide engaging and enjoyable learning experiences.
- Small class sizes facilitate personalized instruction and individualized student support.
- A diverse array of activities is incorporated to cultivate curiosity, foster creativity, and develop collaborative skills.

Camp Tuition

Weekly Session: 8:45 AM - 3:00 PM	$800 per weekly session
Early Care: 8:00 - 8:45 AM	$50 per weekly session
Extended Care: 3:00 PM - 5:30 PM	$190 per weekly session

How to Sign Up?

Please register using the following Google Form: **2025 Cornerstone Summer Camp Application**.

Our office staff will contact you for the next steps once we receive your application.

Cancellation

- For cancellation before or on March 15, 2025: 100% of your tuition payment will be refunded minus a $150 cancellation fee.
- For cancellation after March 15, 2025 but before or on April 30, 2025: 50% of your tuition will be refunded.
- For cancellation after April 30, 2025, there will be no refund regardless of the reason.
- All cancellations need to be notified via email.

We can't wait to see you at our summer camp! If you have any questions, please contact us at (650) 215-0208 or via email enroll@cornerstonelearningfoundation.com.

NEW: please see next page for coding class options

New Summer Coding Class at Cornerstone

In collaboration with HAK, Cornerstone is pleased to offer our families the opportunity to enroll in summer coding classes during June 16-20 and June 23-27 at our Manuela Campus, located at 4243 Manuela Ave, Palo Alto, CA 94306. Students who have not signed up for the Cornerstone Chinese Summer Camp can also sign up for this Coding Class. The Coding Class is conducted in English.

Creative Coding for Incoming K-6th Gr. Students
In this course, students will become familiar with block coding using iPads and Octostudio. This will be a similar structure to the Coding Club that was offered during the school year. This course is suitable for all incoming Kindergarteners to incoming sixth graders. Each class will be 40 minutes long from 3:10 PM to 3:50 PM.

Circuits and Coding for Incoming 2nd-6th Gr. Students
This class will be the first step to help students understand how computers work. Students will be using Chromebooks to learn how to use Scratch and Makey Makey. Makey Makey helps students interact with outside sensors and code. In this course, students will build homemade electronic musical instruments and game controllers using materials like cardboard, conductive tape, Play Doh, and more! This course is suitable for all incoming second graders to incoming sixth graders. Each class will be 60 minutes long from 4:00 PM to 5:00 PM.

Class Tuition

Creative Coding 3:10 PM - 3:50 PM	$130 per weekly session
Circuits and Coding 4:00 PM - 5:00 PM	$220 per weekly session

How to Sign Up
Please register using the following Google Form: **2025 Cornerstone Summer Coding Class Registration**.Our office staff will contact you for the next steps once we receive your application. The enrollment for each class will be 8-12 students. Please note that if we are unable to enroll enough students by March 14 for any session, we will have to cancel that class.

Cancellation
We are not accepting any cancellations for coding classes.
If you have any questions about registration, please contact us via email at enroll@cornerstonelearningfoundation.com.
Please send email to Teacher Urina via sfhaklearning@gmail.com for any questions regarding the curriculum.

Cornerstone School
Summer Coding: June 16 - 27, 2025
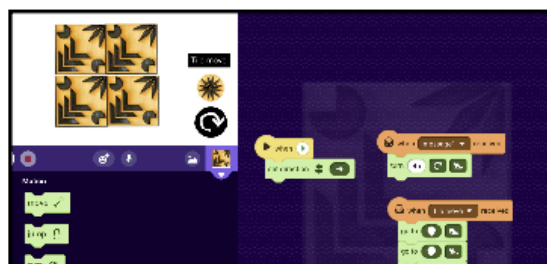

K-6th Grade
Creative Coding
3:10-3:50PM

Week 1 (Jun 16 - 20): All levels guided coding

Week 2 (Jun 23 - 27): All levels guided coding

- **No coding experience needed!**
- iPads provided

Course Focuses
- Introduction to block coding
- Incorporate iPad/Phone sensors
- Build simple games
- Guided practice with instructors

The beauty of coding is its versatility and opportunity to build something personal. The Creative Coding class focuses on students' abilities to express their imagination and create unique projects based on their personal experiences. Students are shown an example of a basic final project and encouraged to design their own unique coding solutions with an application of English language, design, math, and coding principles.

2nd-6th Grade
## Circuits & Coding
4-5PM

Week 1 (Jun 16 - 20): Music & Art w/ Coding

Week 2 (Jun 23 - 27): Game Design w/ Coding

- Block coding experience (like Scratch) recommended but not necessary
- Chromebooks and Makey Makeys provided

Course Focuses
- Connecting coding to the outside world
- Exposure to conductivity & circuits
- Build physical projects that connect with block code

This is the first step to helping students understanding how computers work! Makey Makey helps students learn how computer sensors and code work together.

Students will build homemade electronic musical instruments and game controllers. We'll use material like cardboard, conductive tape, playdoh, and more!
