title: Director of Education and Community Engagement

phone: 800-272-2962; Ext.

mobile: 669 271 6131

email: cgalloway@facilitron.com

Cheryl Galloway has more than ten years experience in school administration focusing on the core areas of school safety, crisis response, community and government relations, facilities use and sustainability. Prior to joining Facilitron, she began a career in education teaching 8th grade English before serving as the Energy Ed Specialist, the Emergency Operations Center Director, and Safety and Security Coordinator for the Gilroy Unified School District (GUSD). Cheryl created and trained all staff on the district's comprehensive school safety plan and coordinated multiple active shooter and disaster drills involving the district's public safety partners. As coordinator of GUSD's facility use program, Cheryl streamlined community use—successfully curbing abuse, updating facility use policies and increasing revenue.
