JEROMES LAUNCH DAY SHEET

WHEN	WHAT TO DO	TARGET
Before login	Install/update addons, update graphics drivers https://www.wowhead.com/forever/news/new-nvidia-drivers-for-world-of-warcraft-forever-383738 NEW DRIVERS HERE	Not fumbling on launch
Level 1–3	Camp a far away pocket of level 1–2 mobs	~27 kills / 13 min
Level 3–5	Move to level 3–4 mobs, do gathering (mine/herb/skin) quest if it doesn't suck	~60 kills / 30 min
Level 5–6	Head to next quest hub, grind as much as you can on the way	~39 kills / 19 min
Near the next hub	Camping quest, pick up new quests (bag quest etc)	Set up for long term success
After level 6	Test duo questing, join your guild (guild layer), set up DE alt, plan dungeons, don't get stressed by new stuff	Not get overwhelmed by new stuff

WHERE TO GRIND? Just find ONE mob spawn out of the way of the typical path and camp it with the hyperspawns

Don't miss these quests

Gathering book is not worth for Durotar, Zephras, Tirisfal (most likely) though it's a free head start on mining skinning or herb. I'll probably skip it as an Orc war
