Honors Music Ensembles

The Honors Music course is designed for students who are looking for a more intensive and rigorous music experience both during and outside of the school day. Students will have multiple opportunities to develop their own listening, performing, and analyzing skills.

Many of the requirements of the course must be met independently, as students enrolled in the Honors Music courses will still be participating with the academic level students within the ensemble.

Students selecting the Honors Music Ensemble must complete an audition for the County and District ensembles. Furthermore, students must choose from each of the following areas:

Music Performance (Choose 3) ● County/District Auditions ● Prepare a College Audition ● Prepare a County/District Folder ● Performance (Recital) ● Involvement in a Community Ensemble(s) (ex. RSYO, Berks Youth Chorus, etc.) ● Involvement in At Least One Extracurricular School Ensemble	Written Report (Choose 1) ● Composer Research ● Repertoire Research	Performance Analysis (Choose 1) ● Concert Attendance and Reflection ● Pre-recorded and/or Live Streamed Concert Attendance & Reflection
--	---	---

Note: Students who are enrolled in multiple ensembles should select “honors” for all ensembles. These requirements only need to be met once.
